## HEDZ HEAD MOUNTED DISPLAY FOR ULTRA SOUND SCANNERS

The HEDZ Head Mounted Display is a portable, high resolution OLED video monitor for use with all ECM Ultrasound Scanners and allows Veterinarians hands free work whilst carrying out their duties.

Weighing in at just under 200 gms, the HEDZ unit is strong, lightweight, comfortable, fully adjustable and can be used in conjunction with ordinary prescription eyeglasses.

Designed to work with both the Imago and Imago S Ultrasound Scanners, the HEDZ unit provides a unique and cost effective accessory for farm use and plugs via a USB straight into the scanner to give a full 6 hours run time and only one cable.

The HEDZ unit works well in both indoor and outdoor settings without "washing out" from sunlight or bright overhead lights.

### HEDZ/003 HEDZ Head Mounted Scanner Display

**HEDZ Head Mount Display**

**New Pro  
Shoulder Bag  
– allows  
Imago to be  
worn on side  
or back out of  
the way!**
